## This Week...

Tuesday was Safer Internet Day. Children in all year groups spent the day learning about safe use of the internet and what to do in different situations.

Harry in Year 1 said, "If you see a picture with a number 18 on it **don't click** and always ask mum and dad if you can play with games on the internet."

Rosie in Year 5 said, "I use the internet to look up pictures to make cards and play games. It is important not to give out any personal information, always ask permission and don't put your real name on things."

If you weren't able to attend the parent workshop, please take some time to read the information sent out by Mr. Newlands. Children are increasingly at risk from people using on line games with chat facilities, such as Fortnite. As well as using parental filters, you can take simple steps to minimise risks, such as ensuring internet accessible devices are not used in bedrooms, asking your child to show you what they do online and regularly checking the history on the web browser.

In our celebration assembly this morning, we congratulated Bethany for her progress and effort in swimming.

Year 3 shared their topic learning 'Earth Matters' covering subject learning in English, Geography, Science, Computing and some lovely singing too! Thank you to all parents who attended and well done to Year 3. Clara said, "We learnt about dirty water and where our clothes come from. We need to help save the world and recycle anything you can." With that in mind, please see below for details of an initiative being run by the The Friends to reduce waste by recycling and raise money for the school at the same time!

## Faith in the Family

This week Rev Jill shared that God always keeps his promises. She told us that the bible is full of God's promises – two of them are: Jeremiah 29:11 promises that God has a plan for each of us and Isaiah 40:31 promises that if we put our hope in God he will renew our strength. Our challenge was to find other promises in the bible. Can you find a few more? Chat about what they might mean for your family.

## The Friends

We have come across a great new and easy way to raise funds for our school through recycling used ink cartridges. We are working with a company called 'Empties Please'. They collect and recycle used ink and toner cartridges the environmentally friendly way and will donate the money raised back to us! It is very simple. A letter and recycling bag is going home along with further details this week.
