

English

During this topic we will be writing for different purposes. We will be writing a narrative stories and instructions. We will be focusing on using apostrophes for contracted forms and possessions as well as subordination (using when, if & because).

Phase 6 Phonics will continue every morning, where we will continue learning a variety of different suffixes. (ly, y, ness & ment).

Science

This term we will be looking animals, including humans. We will look at animals that have offspring which grow into adults. We will move onto discussing the importance of exercise for humans and how this can effect our bodies.

Creative Arts

Art/D&T:

Focusing on the Towner Art Gallery project with a theme of 'heads'.

Music:

We will be using our voices expressively and creatively by singing songs and rhymes.

Religious Education

We will be learning about Judaism; where and how Jewish people worship and their cultural customs.

PSHE

We will be learning about 'Going for Goals', understanding what goals to set and how they can be realistic. Later in the term we will be learning about the differences between boys and girls and the cycle of life.

Happy Healthy Me

Year 2

Term 4

Indoor PE

We will be learning dance to express and explore different movements. We will create a dance linked to our topic.

Outdoor PE

We will be creating our own games and practising our dribbling, kicking and hitting.

Mathematics

We will begin by recapping over addition and subtraction. We will add/subtract two two-digit numbers, two digit numbers and tens and two digit numbers and ones. We will spend time on division building on from our understanding of multiplication by understanding grouping and sharing. We will be interpreting and constructing simple pictograms, tally charts and block diagrams. Towards the end of the term we will be learning geometry. Identifying the names of different 3D shapes and their properties as well as building our own.

Humanities

We will be developing our geographical, skills and fieldwork. We will be using world maps and atlases to identify different countries continents and oceans. We will move onto learning about different compass directions and describe routes on a map.

Computing

Learning how to implement algorithms onto digital devices. They will also be creating a sequence of instructions to command an Ozobot.
