

## English

We will develop the composition of our writing, rehearsing sentences clearly and thinking carefully about the grammar we include. We will be focusing on extending our sentences using conjunctions, adverbs and prepositions to add detail. Year 3 will work hard on spelling words that are often misspelt and how to use apostrophes correctly. We continue to develop our cursive joined handwriting.

## Science

This term we will be looking at animals including humans. We will identify that animals do not make their own food, and need the right types and amounts of nutrition. We will look at the skeleton and understand its importance.

## Creative Arts

In Art, we will be working alongside the Town-er Art Gallery on the 'Draw me in' exhibition project. We will be visited by a local artist and producing a range of artwork using mixed media. In Music, we will use our voices and musical instruments with increasing accuracy and fluency.

## Religious Education

Year 3 will be looking at Religious Festivals within Islam and Judaism and making comparisons between the festivals.

**PSHE:** Year 3 will be 'Going for Goals'. We will also be discussing eating healthily and being active.

## Earth Matters

Year 3  
Term 3

## Physical Education

We will be exploring Dance and the language of Dance. We will be creating routines to different music genres and using a variety of movements.

We will also be taking part in swimming lessons.

## Mathematics

This term we will continue our Multiplication and Division, moving from mental methods to formal written methods. We will be looking at measurement, adding and subtracting amounts of money to give change, using both £ and p in practical objects. We will also be interpreting and using bar charts and pictograms.

## Humanities

Year 3 will look at locating world countries with a focus on Europe and their position within our world. We will also be looking at human geography, focusing on land use, trade and the distribution of natural resources such as energy, food and water.

## Computing

Year 3 will be exploring Computer Science, using Ozobots to design, write and debug program. We will then develop our understanding of how simple algorithms work using Purple Mash and Scratch.
