

Communication and Language/Literacy

This term we will be moving onto a new topic of 'When I Grow Up' focusing on different occupations and the jobs we might like to do when we are older.

We will be completing lots of fun activities around this topic both inside and outside our classroom, with some very special visitors too!

We shall be exploring, 'people who can help us' and how to stay safe in our environment including road safety and what to do in an emergency.

Understanding the World

This term we will continue to develop our reception class garden, building on our knowledge of plants that we learnt last term.

We will also be exploring a range of different occupations such as the uniform services, builders, artists, musicians, writers and many more. . .

Creative Arts

This term we will be focusing on our drawing and musical skills, with reference to famous artists and musicians from the past. We will also be linking our art work to the children's aspirations of what they would like to be one day when they grow up.

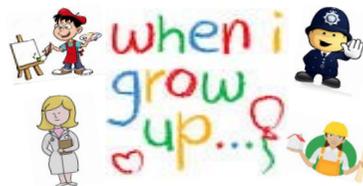

Religious Education

This term our topic in RE is 'Our Wonderful World'. We will be reflecting on why God is so important to Christians and how we can care for the world we live in.

We will also be focusing on the creation story and through Art and RE be exploring the different days.

When I Grow Up...

Reception Term 5

Physical Development

This term in PE we will be focusing on Athletics. We will be going down to the school field to practice our running, jumping and throwing skills.

We will also be thinking about how we can work as a team during team building exercises and activities.

Maths

This term we will be revisiting addition and subtraction using real objects. We will also be learning how to count on from a given number and one more and one less.

We shall also be exploring our shape work learning the names of more 3D shapes and finding these in our school environment.

Using the water tray, we will also be able to explore measure and capacity.

Personal Social and Emotional Development

This term our focus in PSED is 'Changes and Goals'. reflecting on our successes and goals for the end of our time in Reception.

We will also be exploring the emotions of happy, sad, angry and lonely and how these might look.

Computing

We will continue our weekly ICT sessions on a Monday afternoon. We will be exploring a range of different programs as well as interactive games and activities to help us with our maths, phonics and other areas of learning. We will also be making use of the school tablets to develop these skills further.
