

English

During this topic we will be writing for different purposes. We will write non-fiction information text, using facts about the Great Fire of London. We will explore diary writing as well as enjoy creating poetry.

We will be developing our use of a range of conjunctions in our writing as well as show accuracy in punctuating sentences. We will also think about present and past tenses.

Science

In Science we will investigate uses of everyday materials. We will identify and compare the suitability of a variety of everyday materials, linking to materials used during the Great Fire of London.

Creative Arts

In **Art**, Year 2 will have weekly lessons with Miss French, developing a range of skills and techniques. We will also build 3D houses linking to our topic.

In **Music**, Year 2 will enjoy weekly lessons with Mrs White, using different musical instruments and learning Christmas songs.

Religious Education

We will be developing our understanding about Incarnation, answering the question Why does Christmas matter to Christians?

PSHE

This term, we will be 'Celebrating Difference', accepting that everyone is different, solving problems and giving and receiving compliments.

The Great Fire of London

Year 2 Term 2

Physical Education

In **Gymnastics** will be linking movements together and learning about to how to use the equipment safely.

In **Games** we will be continuing to learn how to propel and control objects and creating our own games.

Mathematics

We will be continuing to develop our understand of addition and subtraction. We will add two 2 digit numbers which involves exchanging. We will be learning about money, recognising the different symbols, finding different combinations that equal the same amount and to solve simple problems involving money. Towards the end of Term 2 we will introduce multiplication and division.

Humanities

This term we will be learning about the history of London, researching about the Great Fire of London.

We will find different ways to learn about the past, finding out how and why the fire started and ordering significant events.

Computing

This term we will be develop digital literacy skills. This will include: copying and pasting, saving and inputting pictures, saving and opening documents as well as creating our own power point presentation related to our topic.
