

## English

We will be sequencing sentences to form short narratives. We will be particularly focussing on prefixes and suffixes, as well as contractions such as 'I'll'. We will also be reading our writing to check that it makes sense.

Phase 5 Phonics will continue every afternoon looking at alternative spellings for different sounds such as /ch/ (chain, future). In phonics we will also be looking at our tricky words, such as 'little' and 'people' and practising them both in school and as homework.

## Religious Education

This term we will be focusing on Easter, and why it is important for Christians that Jesus was able to forgive those who chose for him to be on the cross.

### PSHE

This term we will be focusing on Healthy Me. We will be talking about why our bodies are amazing and identifying some ways we can keep it safe and happy.

## Mathematics

We will be moving onto measurement. We will be focusing on length and height, then moving onto weight and volume. We will be looking at the language involved, e.g. short, long, heavy, light, full and empty. We will be applying this language to the real world, exploring maths in the world around us. We will also be challenging misconceptions about measurement, e.g. bigger items aren't always heavier.

## Science

This term we will be continuing our learning about plants. We will be identifying and describing the basic structure of plants such as trees and different flowers. We will be also continuing to link this with our ongoing learning about the seasons, and looking at the different plants that may grow in these seasons.

## Marvellous Majesties

### Year 1 Term 4

## Humanities—History

This term we will be looking at life in the Victorian era. We will be using a range of sources to find out about the past and link it to modern life. We will be learning about Queen Victoria and Queen Elizabeth, looking at why we have a royal family and who they are.

## Creative Arts

This term we will be focussing on design and technology. We will be constructing Victorian toys and puppets using a range of materials. This will be linked to our topic, we will be choosing different joining methods and materials and exploring which is the most appropriate.

## Physical Education

We will be focussing on gymnastics, we will be learning about different types of jumps, landing and movements such as rocking and rolling.

### Games

We will be developing our partner work, looking at how different team members have different roles in sport. We will be using different equipment, such as bats, to demonstrate this.

## Computing

We will be learning about information technology, we will be learning how to manipulate text and pictures on programmes such as Microsoft Word. We will be linking this to our topic, Marvellous Majesties.
