

Communication and Language/Literacy

This term we will be looking at New Life, growing and planting and lifecycles of plants and animals.

We will be using 'Talk for Writing' to learn the story of 'The Very Hungry Caterpillar' and will be using this story to write sentences and stories of our own. We will also be writing instructions of how to plant a seed as well as keeping a cress growing diary.

Religious Education

In RE this term we will be exploring the question, 'Why do Christians put a cross in an Easter garden?'

We will be learning all about Palm Sunday and the Easter Story and why this is a significant part of the bible and our Easter service at the church.

Maths

In Maths this term we will be continuing our excellent counting skills, alongside our addition and subtraction. We will be exploring the concept of time and will be completing many time challenges.

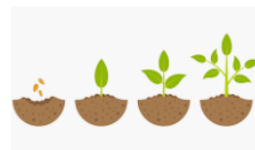

We will also look at clocks and practise how to tell the time to o'clock. As well as this, we will begin to look at money and through role play, will begin to understand the value of some coins.

Understanding the World

This term we will be looking at what plants need to grow. We will be using this knowledge to begin looking after our Reception Class Garden and growing cress. We will also be looking at the season of Spring and will be completing a Spring Walk using a special checklist.

New Life

Reception Term 4

Personal Social and Emotional

Development

This term our focus is 'Healthy Me!'

We will be looking at how we ensure we stay healthy with regards to food and exercise. We will also use this knowledge to create and make healthy snacks and will talk about a balanced food diet.

Creative Arts (EAD)

This term we will be looking closely at parts of flowers and exploring colours. We will be making collages using different materials, practising our sketching skills and also designing our own gardens.

We will also be exploring the season of Spring and will be completing lots of Spring Time art.

Physical Development

This term we will continue to explore the movement of dance and how we can move in different ways.

We will also be using the playground and the school field to practise skills such as throwing, catching, kicking and ways of controlling a ball.

Computing

In computing we will continue to practise our programming skills by exploring the Beebots and Ozobots.

We will also be using the school tablets to document our learning and to take our own photos.
